ROBERT F. GUY  
AREA ENGINEER

WEST FORK BEAVER CREEK  
March 19, 1975

Don Norseth opened the meeting at 1:30 P. M. and gave a report on the water supply for 1975. Water may be short as the area has a below normal snowpack.

Don gave the 1974 financial statement which was approved as read.

Ray Sadlier gave his commissioners report. He indicated in 1974, the water supply was short. He stated that it is necessary to have a Parshall flume at the Henry's Fork Ditch. Report approved as read.

Ray Sadlier was recommended and appointed water commissioner for 1975.

After some discussion the 1975 budget was set at \$305.00 and the assessment at \$330.00.

Ray Sadlier stated that he would like \$200.00 more to compensate for the administration of the Peoples Canal out of Henry's Fork. A discussion followed during which Don Norseth stated that since the diversion is in Wyoming, Utah can not assess. John Teichert stated he did not know what Wyoming's position would be since 90% of the land is in Utah. It was agreed that Utah and Wyoming need to meet with the Peoples Canal and arrange for some kind of assessment. Those involved on the Peoples Canal are as follows: Neal Tuft, J. R. Broadbent, Ken Reed, Lee Reed, John Parker and John Ylinchetta.

Don adjourned the meeting at 2:30 P. M.
